# Code Challenge Fest - 1

---

Students are divided into groups at random in order to learn common coding skills.

There will be 4 groups of questions. Each package contains one difficult and one easy question.

Questions in the 1st pack will be resolved by rooms 1, 2, 3 and 4,

Questions in pack 2 will be resolved by rooms 5, 6, 7 and 8,

Questions in pack 3 will be resolved by rooms 8, 9, 10 and 11,

Questions in pack 4 will be resolved by rooms 12, 13, 14 and 15.
